1200 FARMERS PLEDGE 31,630 ACRES

Incomplete County Benefit Total $307,901; Many Sign

FUND ALLOTMENT FOR MILAM COUNTY SMALL

Funds available under Federal grants as a part of the reconstruction program of the Roosevelt administration for Milam county will not exceed $150,000 it is said by L. Van Perkins who was in Austin Tuesday for a conference with the Highway Department.

The committee had prepared a thorough survey for lateral road construetion. It developed that the funds are to be apportioned to the counties on a population basis. The request of the committee embraced a lateral road program of at least $500,000.

Funds so allotted must be spent first on two underpasses to railroads, one at cameron and one at Rockdale. Then will follow state aid projects. It now appears that there will be no funds for lateral roads, and in the event such funds are possible, the amount will be much less than the estimates embraced in the committee budget.

700 Study Feeding and Breeding Near A. & M.

Farmers' Field Day program at the Feeding and Breeding Station, one mile north of the A. and M. College last week. Mrs. L. O. Bowling, a farm wife of Gause, Texas, (upper photograph) is speaking to the 700 farmers and farm wives present, telling of her impressions of the horticultural, field crop, poultry, dairy and swine experiments which she had spent the forenoon visiting in company with 30 of her neighbors. Mrs. Bowling is also speaking to the entire audience of WTAW, the A. and M. College radio station operating on 1120 kilocycles. In the lower photograph the crowd is listening to Dr. E. E. Reynolds tell about fertilizer experiments. The crowd was divided into groups and piloted over the field and through the barns to view the experimental work in progress

Cotton Acreage Reduction at a Glance in Milam County

(Incomplete)

Approved Contracts	1200
Acres Pledged for Plow	31,633
Cash Rentals	$253,865
Bales Option Cotton	2107
Value Option Cotton	$54,036

Tabulation incomplete of acreage contracts to midnight Wednesday as signed by the farmers in Milam county show that 31,630 acres of cotton thus far have been pledged to the plow in the government campaign to reduce production and raise the price level.

Clay Allen of Rockdale, special assistant to Mr. Banzhaf, said that a large number of contracts are yet to be tabulated and the total will be much higher.

Cotton was selling Thursday well above 12 cents per pound and over the 16 cotton states the program had succeeded far beyond the 10 million acre expectation.

In all 1200 contracts had been approved so far in Milam county, involving 31,630 acres. The acreage total is below the possible pledge if more complete co-operation has been realized. Under the 25 per cent possible acreage pledge the total could have been 50,000 acres, however, it was said that lands not producing as much as 100 pounds lint could not be contracted. This would materially improve the ratio and County Agent Geo. Banzhaf was being congratulated on the success of the program.

There are about 200,000 acres in cotton in this county.

Cash available so far to cotton farmers will be $253,865.

Farmers took 1200 bales of government cotton on the option clause of the contract and this has a total value of $54,036 makig a grand total of $307,901 available to farmers through the government program up to date.

The work involved in handling the contracts was tremendous in detail and county agent Geo. Banzhaf has rendered a distinctive public sevice to the farmers and the government. He was assisted by Clay Allen of Rockdale, Geo. Graves of Cameron and A. C. Freeman of Maysfield and others.

Waiting Operation New York Man Dies of Pneumonia Here

While making preparation to go to a local hospital for an operation, William I. Lipps, 35, of 114 Main St. Houston, was stricken with pneumonia Tuesday and died after he had been taken to the hospital in an emergency effort to save his life.

Mr. Lipps came to Cameron on Monday July 3 with his friend, Chas. McGehee, manager of the Travelers Hotel in Houston. He came here to take advantage of hospital facilities and surgery. While waiting over the 4th of July for the operation, pneumonia set up and he became critically ill on Tuesday and was taken to the hospital. He died Wednesday. No opportunity was had for the operation.

The body was prepared for burial and sent to Mount Vernon, New York by the Coleman-Eplen Funeral Home.

OKLAHOMA IS WET BY 2 TO 1 MAJORITY

Oklahoma City—Oklahoma, bone dry since birth, voted today to have its beer, but Gov. William H. Murry called out the national guard tonight to see that there was no premature celebrating in Oklahoma City.

Returns from today's special election indicated a majority of nearly two to one for legalization of beer, the governor ordered troops into the railroad yards here to guard approximately 58 cars of 3.2 per cent brew.

He declared he would not permit the cars to be opened until he issues a proclamation that beer has been legalized. He declined to say when he would issue the proclamation.

The cars have been in the yards several days under diversion orders of the shippers.

The latest tabulation gave: for 173,323, against 94,874.

The Daily Oklahoman estimated beer had been legalized by a majority of 100,000.

Ford's Lead Large In Wayne County

Detroit Mich.—Sales of Ford V-8 cars and Ford trucks have taken a commanding lead in Wayne County, in which Detroit, the motor car center of the world, is located. This may be taken as significant of the trend of motor car buying. Registrations for the first twenty-four days of June showed a total of 1,816 Ford cars and trucks. This is nearly twice as many as the nearest other make, which registered 963 units, while the second other make sold in the same period only 623 units.

BEER REFERENDUM FOR MILAM ON AUGUST 26

Voters in Milam county will determine on August 26 whether beer of 3.2 alcoholic content will be permitted to be sold and consumed within the borders of the county.

An election was expected to be ordered by the Commissioners Court Thursday afternoon based upon petitions and the desire of the court to avoid additional expense to the tax payers by holding the local option election at another date.

L. Van Perkins, repeal chairman for the county, was before the court to ask that the election be granted. It is optional with the court whether the election be called on or before the 26th of August. About 500 signatures had been obtained for the petitions.

Milam county voted dry in 1917. It will be necessary to hold a separate poll on whether the county shall permit beer due to protection of all dry territory in the amendment submitted by the legislature.

A petition was being circulated at Gause for a local option election for voting precinct 12. Gause has been dry since 1907.

Cotton Worth 13 Cents In Latest Jump Up

Middling basis cotton was worth 12 cents per pound in Cameron Thursday. The price was reached when a one cent advance was made Wednesday following the announced success in Washington of the cotton plow up program.

Continued unfavorable weather over the cotton producing belt was assisting inflation and crop reduction to push up the price.

B. P. Atkinson Injured In Auto Wreck Near Elgin On Saturday

B. P. Atkinson of Austin, former resident here, was critically injured Saturday afternoon near Elgin when his car left the highway and went off an embankment and crashed into a tree.

He was found unconscious near the roadside and taken to Elgin by a passing motorist. His injuries were a badly laccerated scalp and body bruises. After being treated at Elgin he was removed to Austin.

A man thought to have been picked up by Mr. Atkinson on the highway was detained at Elgin for questioning.

According to Mr. Atkinson who related the story of his experience on regaining consciousness, said that shortly after admitting the man to his car, the machine plunged off the highway and was wrecked. It was said here that the man was believed to have struck him a blow on the head causing the wreck when he lost control of the car.

Cotton Acreage Reduction is Success in 16 States; Price Up

In one of the greatest demonstrations of unified action in the history of American agriculture, southern cotton farmers had apparently exceeded the estimates placed on cotton acreage reduction in signing contracts to destroy their plantings.

When the time limit closed at midnight Wednesday for signing contracts, it was believed that more than 11 million acres had been pledged to the plow in the cotton area.

Secretary Wallace said it would be shown that the southern cotton farmer had paved the way with the best show of co-operation with the Roosevelt administration.

Efforts in the wheat belt had developed success also and it was certain, in advance of official tabulation, that the entire program had succeeded beyond expectations.

Smilin' Charlie Says:

Many From Farms Go To Field Day Held At A. & M. College

Field Day at the Experiment Station at A. & M. College found many farm people from Milam County in attendance. In all there were 90 from this section to attend.

The program was under the direction of George Johnson, district agent. Visits were made to the experiment station poultry farm, dairy plant, meat cooling plants, hog barn, agricultural station and farm and field plant stations.

Miss Jessie Whitacre spoke on diet for Texas school children, proper care of teeth and effect of sunlight and color and strength of cotton fabrics. This was a part of the home economics program.

Miss Bertha Faye Strange, home demonstration agent from Milam county and George Banzhaf, county agent, were in the delegation to attend from Milam county. Mr. Banzhaf is the oldest county agent in Texas in point of continuous service.

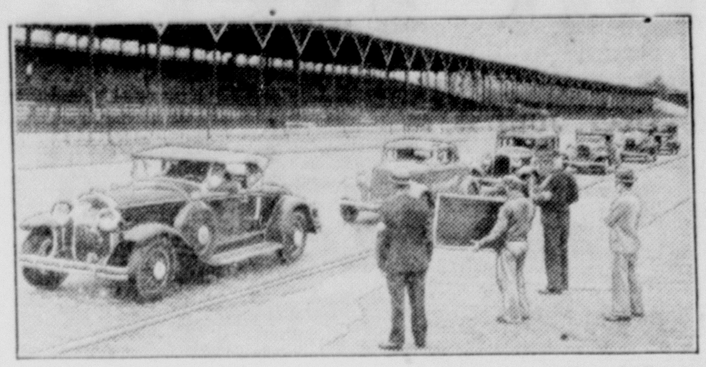
At the noon hour following a barbecue Dr. T. O. Walton, president of the College and A. B. Conner, director of the experiment station, addresed the delegates.

Mrs. Sarah Bowling of Gause, prominent 4-H Club worker, was among those who spoke from the broadcasting station over radio in the afternoon.

Central Texas farmers conducted a round table discussion in the afternon on farm problems.

A feature of interest was the H. D. Key cottage shown to delegates by Miss Sadie Hatfield, district agent. The cottage is designed to demonstrate ideal house building for the average family. It was given the college by the Lumbermen's Association of Texas.

New Gulf High Mileage Oil Proves Boom To Motor Car Owners



Cars picked at random from the streets, lined up on Indianapolis Speedway before starting four-day test of new high-mileage motor oil.

BECAUSE the average motorist is becoming more and more concerned with motor oil performance, the refining industry has recently been turning its attention to improved refining methods designed to meet the public's demand for better lubrication from the medium-priced lubricants.

For years the main problem confronting the industry was reduction of carbon deposits, and like matters, but today the important problem is how to provide better lubrication.

Very definite and satisfactory progress has been made along this line, as shown recently in mileage tests conducted at the Indianapolis Speedway under supervision of the Contest Committee of the American Automobile Association. These tests showed that a new high-mileage oil, produced by the Gulf Refining Company, gives 28.5 per cent more miles to the quart than any of the other three popular, medium-priced oils tested against it.

The cars used in the test were low and medium-priced autos picked at random from the streets of Indianapolis. Each car was run 450 miles with each of the four brands of oil, the test lasting for four days, during which time each car covered 1,800 miles.

Oil consumption was carefully checked by contest officials of the A.A.A., and it was found that the new high-mileage oil was 28.5 per cent cheaper to use, the figure being an average based on the oil's performance in all the cars used in the test.

Reynold Lake Valley Once Lighted By Indian Fires Was the Site Of An Extensive Prehistoric Pueblo

By Johnnie Brown of Sharpe

A strip of fertile farm land known as the Reynold Lake Plantation four miles east of Sharp, overlooking Little River to the north, by all indications, was once the Red Man's "Happy Hunting Ground," and explorers there believe that the entire strip of land outstretching from Norman Valley bridge on Little River eastward to the Holtzclaw bridge once formed an Indian Pueblo.

As our imagination is carried away to that age of the world, we picture historic and romantic life associated with what is now known as Reynold Lake Farm. The mighty Lapan and Commanche Indian tribes who dominated the great southwest, held their pow-wows, councils and dances there. Leaping campfires lighted the scenes of their wild revelry, while with self-inflicted torture they banished evil spirits and worshiped gods.

The crafty Red Man, observers believe, satisfied his thirst with water from an old spring there which now supports Reynold Lake.

D. W. Humphries of Sharpe, has a collection of about 2500 arrow heads, squaw axes, Indian rock plows and hoes, bread rocks, beads and pottery which he gathered from graves during and since the erection of a levee south of the river. Mr. Humphries says that certain kinds of relics have been found there which verify the satement that an Indian settlement was once situated there.

An interesting feature about the old camp is the manner in which the dead were buried. Informant says that the squaw was buried near the river bank and the Indian man was laid to rest on the hill. Thus, in accordance with their religious belief, they had water on one side of them and the Brave on the other side to keep away the evil spirits.

Lone Star Gas Ad Wins First Award For Third Year

For the third consecutive year, the Lone Star Gas System has won first prize in a national advertising copy contest among the major gas companies of the country. The winning ad, entitled "Natural Gas Is Your Lowest Priced Domestic Servant," was judged the best piece of copy among all advertising placed in newspapers by gas companies of the United States in the year 1932. Public Utilities Advertising Association, which conducts the contest, announced the award at its annual meeting held in Grand Rapids, Mich.

The prize ad appeared in this newspaper and more than 200 other Texas and Oklahoma papers in February last year. Copy was prepared by Willard C. Wiegel, assistant advertising manager of the Lone Star Gas System. Will C. Grant is manager of the advertising department. Western Newspaper Union set the type and made the stereotype plates and mats for the ad. Lone Star also won first prize last year in the same contest with an ad written by Mr. Wiegel and received first honors again in 1931.

The nation's best gas advertisement was a simple, direct statement of how much gas service a penny will buy. It stated that one cent's worth of natural gas service will cook a good dinner for three people, operate a bath room heater for two hours, heat enough water for two baths, operate a living room heater for 45 minutes, make 33 cups of coffee, heat enough water for 14 shaves or run a ga refrigerator for eight hours.

Both Local League Teams Defeated

Both of the Cameron teams in the Cen-Tex league suffered defeat Sunday afternoon when the Westphalia Farmens downed the Comets six to nothing. On the local diamond the Ben Arnold Bengals hopped on the offerings of Heitmann and Guess for a total of fifteen hits, and these, together with the numberless errors on the part of the Sluggers, was enough to net fifteen scores. The Sluggers managed to put over two tallies in the fourth inning on two hits and two errors.

Lady Took Cardui And Got Rid of Pain In Her Side

"Last summer, my health was bad, so I began taking Cardui," writes Mrs. H. E. Slaughter, of Norman, Okla. "My mother had given me Cardui in girlhood, so naturally I turned to it when I felt I needed it. I felt run-down and a general weakness. I had bad, dizzy headaches when everything would seem to dance before my eyes. My right side pained me so much, but since taking Cardui the pain has left me. I have taken several bottles of Cardui and have improved a great deal."

Cardui is sold at drug stores here.

5,566,000 Acres of Cotton Signed For Destruction As Farmers Seek Higher Price

WASHINGTON — Secy. Wallace said Saturday that growers in 14 of the 16 cotton producing states have offered to take 5,566,169 acres out of production in return for government cash and option benefits.

At the same time Wallace announced that the campaign to obtain agreements from growers would be extended to July 12 and that further extension would be made if necessary to give every grower an opportunity to sign a contract.

The report on the acreage offered to date was far in excess of reports received by administrators as recently as two days ago. Geo. N. Peek the chief administrator, said that Saturday's report showed an increase in offers of nearly 50 per cent over reports tabulated 24 hours ago.

No Doubt of Success

Wallace and Peek said there was no doubt but that the acreage reduction program was a "success," Peek asserting that there is no question but that it will be put into effect. Both Wallace and Peek are now hopeful that their goal, the reduction of the potential cotton crop this year by 3,000,000 bales, will be attained.

Acreage By States

The acreage offered by farmers up to Friday:

Virginia, acreage offered not reported, area in cultivation July 1, 78,000; North Carolina, 99,945 offered and 1,324,000 in cultivation; South Carolina, 126,812 and 1,779,000; Georgia, 458,243 and 2,867,000; Florida, 10,567 and 122,000; Missouri, 8,109 and 451,000; Tennessee, 123,050 and 1,167,000; Alabama, 605,478 and 3,245,000; Mississippi, 740,500 and 3,936,000; Louisiana 137,149 and 1,804,000; Texas 1,494,872 and 15,767,000; Oklahoma 283,315 and 4,122,000; Arkansas, 454,108 and 3,642,000; New Mexico, 22,893 and 116,000; Arizona not reported and 137,000; California, 1,128 and 222,000.

Mysteriously Killed

The confession of a negro suspect has solved the mysterious murder of Mrs. Alma Dell Cabble, whose dead body was found last week in an unoccupied apartment in San Antonio. The negro, June Wollfolk, janitor of the fashionable apartment house, told police that he read Mrs. Cabble's advertisement for employment in a newspaper and telephoned her to come to the vacant apartment for the desired position. He said a white man planned the murder and helped him kill the woman, but detectives think the story about a n assistant is fictitious. Mrs. Cabble's husband is a private soldier at Kelly Field. Her body was not found until several days after the brutual murder.

Some who said government should not "meddle with industry or private business," may change their minds. President Roosevelt has signed the textile code.

That does away with child labor in the textile industry, something that philanthropy and good intention have been trying to do for a generation, vainly.

Child labor was profitable. Fathers and mothers supplied the finished products to the employers, without charge as though an automobile factory had supplied them with trucks and passenger cars free. And with trucks and passenger cars employers must pay for repairs. Not so with child workers. When they are laid up they go home, others take their places, the fathers and mothers attend to the repairs, without cost to the employer.

Thanks to President Roosevelt's belief that Government has power and should use it, tens of thousands of children will have a better chance in life.—Arthur Brisbane.

Build Up Health and Pains Go Away

WOMEN who suffer from weakness often have many aches and pains which a stronger state of health would prevent.

Women in this condition should take Cardui, a purely vegetable tonic that has been in use for over 50 years.

Take Cardui to improve the general tone of the system in cases of run-down health and "tired nerves." Women have found, in such cases, that Cardui helps them to overcome pains and make the monthly periods easier.

CARDUI is safe and wholesome for women of all ages. Try it!

Sold at the drug store.

Tells How She Lost 15 Lbs. Of FAT

Rheumatism Gone Too

Here is a woman who was rapidly putting on weight and who was troubled with rheumatism too. Read her letter:

"I started taking Kruschen Salts because of the good it had done for a friend of mine who had been crippled with rheumatism. At the end of the second bottle I was weighed and find I am now only 148 pounds (original weight 163 lbs.), at which I am so pleased. But I have also felt my rheumatism much less, which has been so troublesome in my knees. I must say I think Kruschen a splendid weight reducer." (Miss) E. L. P.

Overweight and rheumatic poisoning often go together. The six salts in Kruschen assist the internal organs to perform their functions properly—little by little that ugly fat goes; slowly, yes—but surely. You feel wonderfully healthy, youthful and energetic—more so than ever before in your life!

Kruschen Salts is obtainable at all drug stores—a jar that lasts four weeks and costs not more than 85c.

Mysteriously Killed

The confession of a negro suspect has solved the mysterious murder of Mrs. Alma Dell Cabble, whose dead body was found last week in an unoccupied apartment in San Antonio. The negro, June Wollfolk, janitor of the fashionable apartment house, told police that he read Mrs. Cabble's advertisement for employment in a newspaper and telephoned her to come to the vacant apartment for the desired position. He said a white man planned the murder and helped him kill the woman, but detectives think the story about a n assistant is fictitious. Mrs. Cabble's husband is a private soldier at Kelly Field. Her body was not found until several days after the brutual murder.

SHORT COURSE

(Continued from page 1)

those who wish to camp.

Reduced railway rates to College Station are available on the Southern Pacific and Missouri Lines and the charge will be one cent per mile both ways. On the other lines it will be two thirds the regular one way fare for a round trip ticket. All baggage should be securely labeled before leaving home.

Certain parts of this program of doing are arranged in sequence to make "courses" throughout the week. A person may come to the short course and spend most of his time on one or more of these intensive training courses which include tanning hides (every forenoon); grape juice manufacture (Wednesday and Thursday afternoon); home manufacture of dairy products (every afternoon); sorgo syrup making (every afternoon); making moccasins (every afternoon except Friday); making hooked rugs and mats (every afternoon except Friday); cotton management from growing to marketing (every afternoon); wool grading and shrinkage estimation (every afternoon); killing, cutting and curing meat; working timber into usable wood products by means of a portable saw mill; and curing lamb skins.

Nights will be given over to entertainment and visitng new buildings where various departments will furnish appropriate programs. The horse show and tournament will be staged again with the help of College departments and the U. S. Army in the stadium. The new Aggie swimming pool, last word in modern swimming faciliteis, will be open on various schedules to visitors, particularly boys and girls on the same terms offered regular students.

Boys and girls are to meet every morning for an inspirational session in Guion Hall from 8 to 9. Following this they will separate into groups for a daily schedule of talks and demonstrations. Girls will consider these subjects: Fashion and the young girl; Finding happiness in music; Understanding girls our own age; The kindest way; Adding charm and comfort to the bedroom; What is a good demonstration; Making milk chocolate; Picnics and quick lunches from the pantry shelf; How to play; Sanitation, the first step in home improvement; How to enjoy pictures; Arranging attractive yards; and How to have a good club.

HOMEMAKER CLASS

The Homemaker Class of the Baptist Church met Friday afternoon at four o'clock at the City Park for a business meeting which was opened with prayer by Mrs. Leath.

Thirty fourth Psalm was read by Mrs. Oscar Kidd who is the president.

After all business was completed a social hour with picnic lunch was enjoyed by the eight who were in attendance.

Sluggers Lose Sixth Straight Game From 2nd Half Schedule

In the six games played in the second half of the Cen-Tex league, so far the Cameron Sluggers have lost every game played. At the Lawless Green Field Wednesday afternoon the Rosebud Roses defeated the Sluggers eight to three. The game was called in the first half of the seventh inning on account of rain. One Rosebud player was out and 2 scores had been made when rain stopped the game.

The starting battery for Rosebud was Ducey and Phipps. In the sixth Ducey withdrew from the game. Phipps went into the box and E. Mier behind the bat. For the Sluggers were Hobson and Price.

Ben Arnold plays the Sluggers here Sunday and the Comets go to Rosebud.

Tomato Juice Recipe Important As Many Inquiries Made

Increased popularity of tomato juice as a vital food in the balanced diet, has caused many inquiries to be made for recipes at the office of Miss Bertha Faye Strange, home demonstration agent for Milam county.

To supply the need for preparation of tomato juice Miss Strange has prepared for publication the following tomato juice recipe:

"Select firm, ripe tomatoes, wash well and drain. Trim away all decayed, bruised, green or bitter portoins.

The juice may be extracted by prebetating before pressing or extracting the juice from cold tomatoes. The last method gives an excellent product which has a good color, flavor and consistency. The juice contains finely divided particles of tomato pulp but no seeds. Press the cold tomatoes through a sieve, heat to 180 degrees Fahrenheit (or to simmering point) and fill immediately into standard enameled tin cans. Process No. 1 and No. 2 tin cans or pint glass jars in boiling water for 5 minutes. Cool tins quickly."

N. M. Bullock of Rockdale was a visitor in Cameron Monday.

Mr. and Mrs. Claude Akers left Friday for Chicago where they will visit the Century of Progress.

Mr and Mrs. Leo Wilkerson and daughters, Misses Zora Clark and Leola, were visitors in the home of Mr. and Mrs. G. M. Lawson of San Gabriel Sunday.

Mr. and Mrs. W. Maxwell of Waco and son, Earnest, who is a student in the University at Austin, have been guests of Miss Prebble Richards.

Vard Hutcheson of Palestine was a guest of Miss Maydee Miller, who is a visitor of her sister, Mrs. W. G. Harsha, Sunday.

Both of the Cameron teams in the Cen-Tex league suffered defeat Sunday afternoon when the Westphalia Farmens downed the Comets six to nothing. On the local diamond the Ben Arnold Bengals hopped on the offerings of Heitmann and Guess for a total of fifteen hits, and these, together with the numberless errors on the part of the Sluggers, was enough to net fifteen scores. The Sluggers managed to put over two tallies in the fourth inning on two hits and two errors.

Graham Looney of Friendship made a business visit to Cameron Wednesday.

Heads Cotton Co-Op.

Officials of the Texas Cotton Co-operative Association have just announced the election of E. H. Linsteader of Dallas as general manager of their association. Mr. Linsteader has been actively and officially connected with the cotton co-operative marketing movement in the state since it was inaugurated thirteen years ago. Prior to his election he was Treasurer-Comptroller of the co-operative association, which has some 45,000 members within the state. It is also understood that he will be a representative within Texas of the American Cotton Co-operative Association.

Over 40,000,000 Acres In 1933 Cotton Crop

WASHINGTON—An 11.6 per cent increase in present cotton acreage over last year, as reported Saturday by the crop reporting board, gave rise to an impression at the White House that Pres. Roosevelt is making ready soon to appeal directly to cotton growers to speed up enlistment in the acreage reduction program.

On July 1, 40,898,000 acres were under cultivation, causing concern among those interested in raising prices.

Field workers of the crop reporting board reported increased acreage in every state from a one per cent figure in Mississippi to 79 in Californa.

The most significent increase, however, was in Texas which produces more than one-third of the nations cotton. An increase of 16 per cent in the acreage there was shown, a rise from 13,592,000 acres in cultivation on July 1 last year, to 15,767,000 acres growing on July 1 this year.

Farley Says 36 of 37 Will Vote For Repeal

WASHINGTON—Postmaster General Farley says that if only 37 states votes this year the necessary 36 will agree to repeal the 18th amendment. He is taking his fight for repeal into Kentucky, Alabama, Arkansas and Tennessee.

Before Gov. Ruby Laffoon of Kentucky there lay Saturday the postmaster general's second appeal that provision for a repeal convention be included in the call for a special session of the state legislature. Reasons Farley gave for repeal: enforcement under present conditions "is impossible," it will promote "true temperance," and supply $2,000,000 a day in revenue.

Thorndale Luthern On Synod Board

GIDDINGS—Texas Lutherans of the Missouri synod, in annual convention here today, elected the Rev. Constatin Beyer of Wichita Falls state president.

R. Osthoff of Lincoln and A. E. Heckmann of Riesel were named vice presidents. F. H. Stelzer of Thorndale and A. O. Rast of San Antonio were chosen as secretaries, and A. T. Kramer of Wichita Falls as treasurer.

The state board of missions of the Lutherans will meet at Waco with the Rev. E. F. Moerbe of Hamilton serving as chairman.

Mexia Group Seeking Vote on Local Option

MEXIA—Petitions were being circulated here today asking the county commissioners, meeting Monday, to call a local option vote in Limestone county for beer on August 26. Owen F. Wakkins, county chairman of repeal forces, sponsored the petition. Limestone county was a dry county and beer would be illegal even after the state votes beer, unless local option measure carries.

ROCKDALE WOMAN DROPS DEAD

ROCKDALE—Mrs. Terry Moore dropped dead here today. Mrs. Moore was about 66 years of age and had been suffering with heart disease for some time.

Bee Attack Victim Will Survive; Was In Critical State

Recovery was predicted here this week for Jeff Davenport of Rockdale who was brought to the Cameron Hospital Friday suffering from bee stings.

A swarm of bees being transported over the highway in their hive attacked Davenport and his span of mules near Milano Friday. The hive was thrown from a moving truck. The bees first attacked the mules. Mr. Davenport was attacked as he tried to release the mules from the wagon.

Although suffering great pain, Mr. Davenport will recover. At first it was believed he had little or no chance of recovery. He was first taken to his home in Rockdale and then brought to Cameron.

Seeing his plight men at Milano rushed to his rescue, building a fire to ward off the infuriated insects. The hive was thrown from a truck being driven by Unk Young of Cameron wo discovered the loss well on his way to this city.

2 Dead and 3 Hurt in Freight Train Wreck

Lee Hamilton, an Athens farmer, and Jim Merrell, a Corsicana painter, were killed and three other men were injured when a Cotton Belt train was derailed on a long trestle one mile east of Trinidad Friday. The trestle was torn up for 500 feet and thirteen freight cars were scattered over Cedar Creek bottoms. Sixty men were riding in the cars when the wreck occurred, twenty-seven being in the last car that rode safely over the trestle. A hot-box, which locked the wheels, caused the wreck.

Near 40,000 Tins of Food Preserved By Demonstration Clubs

A total of 8,883 tins of fruits and vegetables have been preserved for use by seven Milam County Home Demonstration Clubs, according to Miss Bertha Faye Strange, home demonstration agent, who has received reports from these clubs.

This total is in addition to 30,000 tins of corn, tomatoes, peas and beans put up by clubs for use of R. F. C. funds. Non-club members were sharing in the expansion program of the clubs when the Jones Prairie club reported having aided in the preservation of 1600 cans for those not connected with the club work.

Adequate diet through preservation of proper foods is sought by the clubs in the county.

TO PAY $1,800,00 TAX

SHERMAN—Sherman flour mills will pay $1,800,000 a year to the federal government in wheat processing taxes on the basis of wheat ground in the year ending June 1. The tax is 30c a bushel, and 6,000,000 bushels were ground into flour last year.

Tomato Juice Recipe Important As Many Inquiries Made

Increased popularity of tomato juice as a vital food in the balanced diet, has caused many inquiries to be made for recipes at the office of Miss Bertha Faye Strange home demonstration agent for Milam county.

To supply the need for preparation of tomato juice Miss Strange has prepared for publication the following tomato juice recipe:

"Select firm, ripe tomatoes, wash well and drain. Trim away all decayed, bruised, green or bitter portoins.

The juice may be extracted by prehetating before pressing or extracting the juice from cold tomatoes. The last method gives an excellent product which has a good color, flavor and consistency. The juice contains finely divided particles of tomato pulp but no seeds. Press the cold tomatoes through a sieve, heat to 180 degrees Fahrenheit (or to simmering point) and fill immediately into standard enameled tin cans. Process No. 1 and No. 2 tin cans or pint glass jars in boiling water for 5 minutes. Cool tins quickly."

MRS. HERMAN STUESSEL IS BURIED IN CAMERON

Mrs. Herman Stuessel, 41, of Splawn, died in Cameron Wednesday, June 28, 1933 at 11:45 p. m.

Funeral services were held at St. Monica's church in Cameron Friday morning following at 9 o'clock, with Rev. Geo. Apel, the pastor reading the rites. She was a life long member of the Catholic church and received communion shortly before her death.

Mrs. Stuessel had been ill for three weeks, the latter two she spent in a local hospital. Hopes were held for her recovery, but medical attention could not overcome her sufferings.

She is survived by her husband and three daughters, Aleen, Katherine and Ruth.

Mrs. Stuessel leaves upon the hearts of neighbors and friends an impress of her generous and kind living and those who mourn her passing will remember her kindly for her exemplary life.

NOTICE TO BIDDERS

Notice is hereby given that bids will be accepted by the Commissioners Court of Milam county until July 28, 1933 at 2 p. m. and then publicly opened and read for one road maintainer for Milam County Precinct No. Four.

Specifications for the machine desired may be secured by calling upon Clyde Moore, Commissioner Precinct No. Four and whose address is Davilla, Texas.

A Cashier's Check in the sum of five per cent of the total amount of bid must accompany each bid and the right is reserved to reject any and all bids.

Witness my hand this the 6th day of July, 1933, at Cameron, Milam County, Texas.

County Judge, Milam County, Texas.

Albert Collins Builds New Home Here

Construction is well advanced on the Albert Collins home located on East 11th Street. The home is a 7 room brick and modern in every detail. Jerry Nabours, contractor, expects to have the home completed by August 15. Materials are being furnished by the Milam County Lumber Company.

Mr. and Mrs. Collins have made an effort to incorporate into their home every modern feature of architecture and the structure will be one of the best in the city.

Track Star Is Cyclist

Mary Carter Taylor, one of the South's best known girl athletes, has fallen for the bicycling fad and may be seen nearly any Friday night as a contestant in the races staged by Charlie Maxvill at Fair Park stadium. Mrs. Taylor, better known to athletic fans by her maiden name of Mary Carter, established the Southern A. A. U. record for the 220-yard dash in 1930 in Shreveport. Her record of 28 seconds has never been lowered. She also tied Babe Didrickson's world record in the 80-meter hurdles and probably would have carried off some of the Olympic honors last year had not an attack of appendicitis prevented it.

CHRISTIAN CHURCH

The subject for the morning worship service at the Christian church will be "Time—And Jesus."

Evening services are being held on the lawn of the church. It is more pleasant there than in your living room. Come at 8 p. m. Sunday, and in the cooling evening breezes sing praises with your neighbors and friends.

"The Devil's Good Points" will be the subject for the Sunday evening sermon. Go to Church Sunday!

Bids Asked For New School Building At Hamilton's Chapel

Bids have been asked on the construction of a two-room school building on the Hamilton Chapel school grounds by Mrs. Kathryn Robbins, county superintendent of public instruction.

The estimates will be received at her office in the court house until 9 o'clock Monday morning, July 17, 1933. Plans may be obtained from the Turner Lumber Company at Rockdale.

The school is to be located about four miles south of Rockdale. Specifications on construction may be obtained at the office of the superintendent in Cameron.

Additional Credits For High School At Sharp

Additional credits for the Sharp school have been granted by the State Board of Education, it was announced this week by C. R. Middleton, Superintendent.

Efficient work at the school has brought 9 1-2 more credits and students at the school this fall have additional inducements for college entrance. In all fourteen affiliated credits have accrued to the school. The school now draws students from three other school districts consolidated with the Sharp district.

A school bus to transport students to and from the school will be available for the 1933-34 term. Last year the school had an enrollment of 75 high school students. This number will be increased this year.

The faculty for the coming year will be C. R. Middleton, superintendent; Misses Mildred Massengale, Ethel Collins, Gladys Davis and Frances Houston and Mesdames Rupert Hargrove and Marvin Petty.

SOCIETY

SENIOR B. Y. P. U. PARTY

Senior B. Y. P. U. members entertained at the home of Mr. and Mrs. J. L. Slaughter with a lawn party Friday night in honor of Mr. and Mrs. Archie McLerran, sponsors of the Seniors.

Decorations were of colored lights invitingly arranged about the lawn.

Radio music, croquet games and Jigg Saw puzzles entertained the young folk for some time.

Later quite an interesting comedy was put on by five members, Misses Ida Byrd Mayfield and Bernice McLarren and John A. Smith, F. E. Jackson and James Markham.

During the evening one very attractive feature was a well filled punch bowl nestling among ferns and zenias.

At the conclusion a salad plate was served.

Out of town guests present were Miss Hallie Barnes of Ft. Worth, who is a visitor in the home of Mrs. T. J. Mowdy and Pete Bielefeldt of Waco a guest in the Slaughter home.

MORNING BRIDGE

Misses Imogene Sapp and Dorothy Lesovsky entertained with a morning bridge party in the home of Mr. and Mrs. Frank Lesovsky Thursday, honoring their guests, Misses Caroline Wilson of Quannah and Katherine Culpepper of Poplarville, Mississippi.

Decorations of varied colored zenias were attractively used to increase the summer beauty of the place.

The four young women winning table cuts were Misses Gladys Davis, Harriett Flynn, Inez Evans and Cora Barmore.

A little school girl scheme was carried out for the refreshments, which were served. There were hamburgers, soda pop, candy, for all.

Cat-faced balloons as favors afforded much amusement.

MISSIONARY SOCIETY

The Missionary Society of the Christian Church met with Mrs. M. G. Walters Monday afternoon, with Mrs. Bob Young as leader, assisted by Mesdames Killian, Harris, Burke and Mace. A solo by Mrs. W. G. Harsha was enjoyed. Refreshments served were ice cream and cake. Visitor present: Mrs. Hinton Pruett.

YOUNG PEOPLE

The next meeting of Young People's Association will be held Tuesday July 18. All young people of Cameron are urgently requested to attend. Assembly at the Presbyterian church at exactly 6:30 p. m. from whence transportation will be furnished to Wayside, where a regular business program combined with songs, games and special numbers will be held.

Iced watermelon will be served.

Each person attending is requested to bring five cents.

The organization of this association is recent and the name given herein has not beendefinitely decided upon as the one to be used regularly.

The upholding of clean social standards and making possible the enjoyment of games, and youthful pleasures is the ambition of this association.

Different branches of educational and amusing study and pleasures are to later be established.

A dramatic club has already been organized as a first step. This club is working on a very interesting course which will soon be given for the benefit of the members.

Come and bring a young friend.

ROCKDALE—At a gathering here Sunday of former citizens, the "Rockdale Homecoming Association" was formed with the following officers:

Mrs. Roy E. Smith, Austin, president; Mrs. C. M. Sessions Rockdale, vice president; Ira Perry, Pipe Creek, Bandera county, secretary; Mrs. D. H. Sanford, Rockdale, and Mrs. W. A. Morrison, Cameron, joint historians.

It was voted to hold annual meetings of the association in Rockdale, on the second Sunday in June each year.

A barbecue and basket picnic dinner was served at Fair Park to some 100 participants, with Mayor E. A. Camp, presiding.

Black-Draught
Clears Up Sluggish, Dull Feeling

"I have used Thedford's Black-Draught for constipation for a long time, and find it gives relief for this trouble," writes Mrs. Frank Champion, of Wynne, Ark. "I think it is good for spells caused from gas on the stomach. If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."

P. S.—If you have CHILDREN, give them the new, pleasant-tasting SYRUP of Thedford's Black-Draught.

LEWIS M. CASS BURIED IN GAUSE CEMETERY

Lewis Manless Cass, 21, died at the home of his parents, Mr. and Mrs. W. L. Cass near Gause on Sunday night July 9, 1933, at 10 o'clock from cancer and other complications. He was operated upon at Marlin several weeks ago. He was under treatment in Cameron two weeks ago and was in the home of his aunt, Mrs. Sam Hefley, having been taken to the home of his parents later. His condition became worse on Saturday and the end came Sunday night.

Mr. Cass was born in Travis in Falls county. He moved to Milam county with his parents when one year of age. The family settled at New Salem and then moved to their present home at the Faubian farm near Gause in 1917.

Funeral services were held from the family residence Monday afternoon July 10 with Rev. Kendall of the Gause Baptist church preaching the funeral sermon. Interment was made in the Gause cemetery.

He is survived by his parents, four brothers, Coy Cass, Travis; Jesse Cass, Gause; Carl and Malcom Cass, Cameron; and two sisters, Ida Pearl and Daisy Cass of Gause.
